How could you take your studies to new heights?

☐ By thinking about things that nobody has ever thought about before
☐ When you write a dissertation about the highest building on earth
☐ With an internship where you assess natural hazards at popular tourist destinations

INTERN (m/f)*
CRM KEY EXPERT

FOR THE CENTRAL DIVISION REINSURANCE DEVELOPMENT IN THE TEAM OF CORPORATE CLIENT MANAGEMENT

This division is responsible for strategy development and implementation, strategic planning and controlling, organizational development and global Corporate Client Management (CCM). CCM helps Munich Re achieve our client management vision, supports and enables client teams to apply best practice client management and thus to globally exploit additional value potential. The internship will last six months.

YOUR JOB

- Assistance with implementing a new Client Relationship Management (CRM) solution on a global basis to foster collaboration and improve transparency amongst our client teams
- Preparing training sessions and plans for floor walking and providing guidance on how to use the CRM tool best
- Communicating with training participants whom work at many different global offices and at all levels of the company
- Managing feedback to participants including following up questions with members of the project team

YOUR PROFILE

- Currently studying a Bachelors or Masters degree, preferably in the field of finance, accounting, economics, information systems or equivalent
- Exceptional interpersonal skills and an ability to interact with people in all levels of management
- High level of self-motivation, strong team spirit and ability to deliver good results
- Previous experience with a software tool rollout is a plus
- Fluency in German and English

Munich Re is one of the world’s leading reinsurance companies with more than 11,000 employees at over 50 locations around the globe. We are working on topics today that will concern the whole of society tomorrow, whether that be climate change, major construction projects, gene technology or space travel. We find solutions to these challenges through a network of highly qualified professionals who anticipate risks, work on tailor-made solutions and expertly advise our clients. If you want to help shape the future as part of one of our teams, we look forward to hearing from you. You can apply by filling in the online application form.
