LINE-UP Ventures

Co-Founder / CTO
Munich, fulltime

ABOUT US
We are two experienced adventurers (co-founder of fintech Finanzchef24 and McKinsey manager) who actively want to shape the future. That’s why we are building a new company that will change its game.
Our idea revolves around speech analytics and natural language processing and aims to disrupt a global one trillion-dollar B2B market. Currently, we are building a team consisting of tech talents, business rockstars and experienced industry professionals that share our passion for voice tech.

KEY RESPONSIBILITIES
• You define the tech stack and take architectural decisions
• You oversee all technical processes and take over responsibility for building our MVP in collaboration with a large enterprise customer
• You supervise the system infrastructure to ensure functionality and efficiency
• You build the quality assurance and data protection processes
• You stay on top of latest technologies / trends and bring them into the company
• You take a key role in the attraction and acquisition of new technical talent
• You are one of the sparring partners to the CPO regarding best practices and feasibility of the product vision and align tech development with business and product objectives

YOUR PROFILE
• You want to leave a dent in the world and be a change-agent
• You have 5+ years of experience in front- and backend development as well as with the deployment of cloud services (e.g., AWS)
• You have 3+ years of management experience, ideally as CTO or tech lead
• You have a degree in computer science, a similar technical field of study or equivalent practical experience
• You have a strong understanding of software development principles and design patterns as well as troubleshooting and debugging
• You are proficient in written and verbal English; bonus: German proficiency
• You have an open personality with superior communication skills and an encouraging and appreciative leadership approach
• You are an entrepreneur at heart with a hands-on/can-do attitude and possess strong business intuition
• You are positive and a team player; you smile often and are fun to work with :)

WHAT YOU GET
• Being part of a high-growth innovative start-up
• The opportunity to pick the tools you need to do an amazing job (hardware, software, work environment)
• Becoming shareholder of the company
• Inspiring, resourceful and enthusiastic colleagues
• 100% start-up mentality
• A headquarter in the center of Munich, 2min away from U Universität
